Applicants' appeal brief has been entered.

Claims 1-9, 21-32 and 34-39 are the pending as stated in Applicants' brief.

Reasons for allowance

Claims 1-9, 21-32 and 34-39 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitation of the dependent claims, in such manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claims, which include the steps of smaller than the minimum processing size achievable with the conventional lithographic process and the opening between the second sidewalls does not overlap either of the first side wall insulating films or either of the source and drain.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Steven H. Rao whose telephone number is (571) 272-1718. The examiner can normally be reached on 8.00 to 5.00.

The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
